

Lasting beauty for your home

Eco Casement 2800 Windows and Doors

THE WINDOW HUB.CO.UK

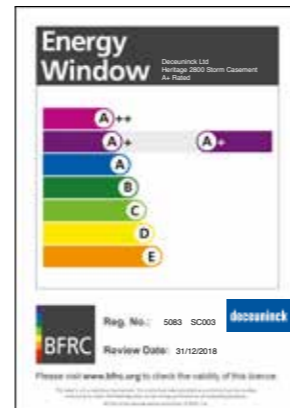

Saving energy, money and the environment

With energy prices soaring, you need a window and door system that insulates your home, helping to reduce fuel bills and cut carbon emissions.

Most people are familiar with the rainbow 'energy label' on white goods such as fridges and washing machines. These also apply to windows and doors.

A window energy rating of A+ or above is considered to be the best in class for energy efficiency. This equates to A* with the Thermal Rating Register or A+ with BFRc. So when choosing your windows, look for the energy rating label with A*, A+ or A++.

Our Eco Casement 2800 double glazed windows achieve superb thermal performance with A++ energy ratings. We also offer triple glazed windows for the best in energy efficiency and comfort in the home.

Keeping unwelcome visitors out

Making sure your windows and doors are secure can be a major deterrent to opportunistic thieves and burglars.

There are various glass and hardware options you can choose to make your home as safe as possible, but security starts with the window or door profile. Our windows and doors can be manufactured to Secured by Design standards, helping protect your property for complete peace of mind.

Eco Casement 2800 Elegant and traditional

Our Eco Casement 2800 windows and doors combine the elegance and style of traditional timber with all the benefits of PVC-U. This range is ideal for period properties and those who want to add or restore character to their homes. Its unique, unrivalled, aesthetic appeal makes this range the most attractive suite of windows and doors on the market today.

With its smooth contours and stunning features, our Eco Casement 2800 series offers a contemporary and elegant range of windows and doors that complements modern and period properties alike. Combining the traditional look with the latest technology, its symmetrical design gives a property perfect balance and harmony.

This range of windows and doors is available in White and 26 colourways, including Agate Grey on White Woodgrain, Nut Tree on White PVC and Golden Oak on Golden Oak.

Our windows and doors come with a choice of complementary stunning hardware to complete the look.

All our products undergo rigorous tests to ensure they are of the highest quality, durability and reliability. So your windows and doors will stay beautiful for longer, with very little maintenance. They are also all recyclable.

Eco Casement 2800 combines elegance and style

ECO Colour Collection

Our Eco colour collection has been specially designed to help you put together the perfect colour palette for your home.

Every home is different, and our beautiful range of colours takes its inspiration direct from nature to harmonise perfectly with your home and its surroundings, ensuring it stays looking good for years to come.

Our unique range of woodgrain foil colours are available in a number of colourways.

Choose the right glass for your home

Minster glass

Contora glass

Stippolyte glass

Obscure finishes

A wide range of glass effects are available so you can more closely match the pattern you prefer.

All glass options are available toughened or laminated for safety and security.

Leaded and Georgian

The design of your windows and doors have a big impact on the overall appearance of your home. Whatever the age of your property the original windows and doors were designed to harmonise with it. So it's important to consider what will look right for the building when you replace them. The right design and look can preserve or enhance the value of your home.

Were the original windows leaded perhaps, or did they have Georgian bars?

Sightlines

Good window design extends to the symmetry of window sightlines.

Equal sightlines add balance and harmony – a subtle touch which adds value to any home.
